On December 12, 1968 an anti-Negro leaflet entitled "Had Enough Whitey?" were distributed on the campus of San Francisco State College campus during one of the rallies of the Black Student Union on the campus. The leaflet is as follows:

Now that you've had a good, hard look at the wonders of the colored brother, Honky, how much longer are you just going to sit there with your thumb up your behind?

The grand experiment has fizzled. Higher education and Negroes do not mix. The moist-eyed, color-blind equalitarians, of course, will never admit that a government grant, a little interracial sex, and a lot of wishful thinking won't convert a Negro into a valuable and useful citizen. After all, that great savant and Negro chemist, George Washington Carver, after only thirty years in the laboratory discovered that smashed-up peanuts make mighty good peanut-butter sandwiches. And besides, what about the Rights of Man, Equal Opportunity, and Human Dignite-e-e?

If you're getting a little tired of these insane, racially destructive cliches, regardless of the straight face with which they're shoved at you, maybe there's some hope for you yet.

You've seen a gang of subhuman blacks behaving like a tribe of lobotomized, antisocial chimpanzees at your school long enough now. They have disrupted your studies, wrecked your campus, and catastrophically lowered the prestige of your university in the eyes of the world.

You can abandon all hope that Tricky Dick or any of the other Party politicians, left or right, will straighten out the mess. The gutiess, self-interested System will NEVER face the truth and take the radical measures necessary to solve the racial problem in America. For there is only one realistic, long-term solution—only one FINAL SOLUTION—and that is to make this an all-White America. The time to start building toward this goal is NOW.

In addition to the Jews, the mesochistic, self-hating liberals, and the cowardly compromisers, there are certainly White men and women at San Francisco State College with both healthy convictions and the courage to back up those convictions. The National Socialist Liberation Front, the student-activist arm of the National Socialist White People's Party, has a program of action for White students in American universities.

If you are proud of your racial haritage, vitally concerned about the future of your own people, and too mad to be intimidated into silence any longer, write TODAY for free information. (Send a stamped, self-addressed envelope.)

NATIONAL SOCIALIST WHITE PEOPLE'S PARTY (NSWPP)

A characterization of the Black Student Union appears in the Appendix.

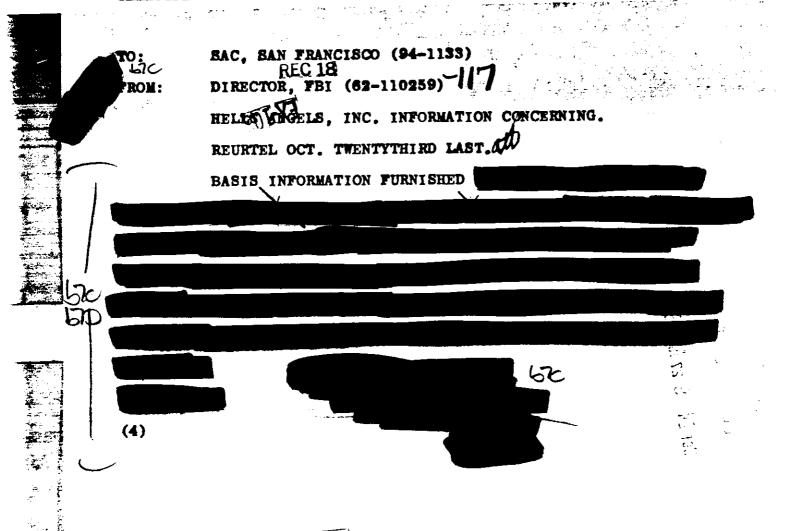

On December 13, 1968 an article appeared in the San Francisco Examiner, a daily newspaper of San Francisco, entitled "Anti-Negro Leaflets At State Campus." The article described ANDREW VICTOR, to be a unit leader of the American Nazi Party and he was the one responsible for passing out the leaflets on the campus. The leaflet was entitled "Had Enough Whitey?" VICTOR was described as being very discreet to whom he handed leaflets. VICTOR said his organization, known officially as the National Socialist White People's Party, next summer will "really raise hell" to get its message across.

Dear Mr. Hoover:

I personnally do not support your present manner of running the F.B.I., however, I do see the necessity for a type of police force in the United States. This is not the main concern of this letter, however.

I realize that most of the time of the bureau is probably being spent investigating the Black Panthers, and the SDS, etc. I would like to have some answers to these questions concerning another 'underrated' group which I feel are presently of the prestest danger to this and the future America. This group is known as Hell's Angels.

First of all, if you are at liberty to answer this, What investigative measures are being taken or used on this group? Why are you presently refraining from the arrest of the Angel's as accomplises to the murder of Meridith Unter, who was killed at the Rolling Stones free concert in California? Is any action being taken on the part of the Committee on Un-American activities to attempt to disband these people? Can you inform me of any psychological data or observations concerning the stability of the men who engage in such activities?

I wish to thank you for taking time out to read this letter and I would be more than appreciative if a reply is sent. again, thankyou.

Sincerely Yours

We will endeavor to make every effort to carry out our duties in the internal security field with the highest degree of thoroughness and dispatch.

Concerning the alleged murder of Meredith Hunter on December 6, 1969, at a concert in California, this is a matter within the jurisdiction of local authorities and this Bureau cannot investigate it.

Regarding your other inquiry, the House Committee on Un-American Activities is now known as the House Committee on Internal Security. I suggest you contact this Committee directly at Room 309, Cannon House Office Building, Washington, D. C. 20515.

"They try to make a mini-mum of noise when they rev up at night, and I've had peo-ple tell me they'd rather walk down Third Street than other streets around here—at least they know they won't be mugged."

Inspector Gabos said there had been no street robberies this year on Third Street between First and Second Avenues, where the Angels club-house is. He said that was a "fairly unusual" statistic for his hippie precinct, where the crime pate is high.

HILL'S ANGELS MOTORCYCLE CLUB

In January, 1979, a task force was created at the direction of the United States Attorney for the Northern District of California at San Francisco, for the purpose of investigating the Rell's Angels Motorcycle Club (HAMC) as an association and fact within the meaning of the Racketeer Influenced and Corrupt Organization (RICO) statute, Title 18, Section 1962, United States Code (USC). The task force consisted of personnel from the Federal lureau of Investigation (IEI), Drug Enforcement Administration (DEA) and the Eureau of Alcohol, Tolacco and Firearms (ATF). On June 13, 1979, an indictment was returned by the Federal Grand Jury (FGJ) at San Francisco charging 32 members and associates of the HAMC with conspiracy to violate the RICO statute. The indictment principally dealt with the manufacture and distribution of narcotics, namely methamphetamine, and other acts of racketeering, to include murder and the investment of illicit money in a legitimate business enterprise.

On June 13, 1879, joint agency arrest teams consisting of federal and local law enforcement personnel served search and arrest warrants at the last known residences of the indicted defendants. The joint agency raid resulted in the arrest of 22 indicted defendants and the confiscation of numerous weapons, quantities of narcotics and documentary material indicating relationships with members of NAMC chapters in Furope. Ten of the indicted defendants cluded apprehension on the night of the raids and are fugitives as of this date. The 10 outstanding fugitives are as follows:

The San Francisco Division of the FBI has no information considered to be reliable which would indicate that any of the fugitives have fled to Australia. On the contrary, it is more consistent with their traditional habit to remain in the immediate area while pre-trial motions are being considered by the court and while discovery material is being transferred to the possession of the defense attorneys by the government prosecutors.
